

*PAPER SHREDDER FOR IT DEPARTMENTS AND OFFICE FLOORS*

## SBS-1650 • SBS-1640

**FEATURES:** With its completely precise cut and an extremely handy automatic reverse, the starter model of the professional series can handle large workloads, even in 15–20 person departments.

- Keypad for constant operation and reverse.
- Fully integrated, mechanical compression device for crosscutting units.
- Hardened steel cutters can handle occasional standard paper clips or staples.
- Crosscut models can cut up to approximately 40 sheets per run; Strip cut: up to 67 sheets per run (see specifications).
- Practical storage space with optional paper trays for paper stacks. (Paper trays available for purchase).
- Auto stop when container is full or door is open. Convenient pull-out system for removing the integrated, sturdy, reusable shred-bin bag.
- Powerful, specially adjusted motor for longer periods of use—with thermal protection for high performance.
- The tried-and-tested closed-tooth wheel drive prevents penetration of dirt and slows wear, increasing the service life.
- Enclosed housing protects against the spread of paper dust and provides for “whisper quiet” shredding.
- Heavy-duty castors for effortless mobility.
- Crosscut shredders should be oiled to maintain top working condition.
